Project: P741 **Title:** Ordnance Operations Facility (NAS II) **Rgn Reqs FY:**

Installation: NAS SIGONELLA IT **Project MTD:** **CWE($K):** 12,960 **Project CCN:** 14320

Region: CNR EU **Pri:** **Lead Propt:** NMC **Pri:** **COCOM:** EUCOM

Mission of the Facility: The Naval Munitions Command (NMC) Sigonella Detachment provides ordnance logistics for the installation. This includes loading and unloading of ordnance onto aircraft, organizational-level maintenance, and storing weapons and ordnance for tenants stationed at the installation who support a wide variety of operational missions throughout the European Theater.

Project Scope: Provides for adequate consolidated ordnance operations facility to house the Naval Munitions Command (NMC) Sigonella detachment's weapons operations. This project provides space for an office(s), assembly and briefing room for ammunition handlers, locker room, and storage space for ammunition handling tools and equipment. At NAS Sigonella, there are 55 administrative personnel and 20 operating personnel assigned to the ordnance and weapons operation.

Impact if not Provided: If a new ordnance operations building is not constructed, weapons operations will continue to occur in facilities which are not optimally configured to support ordnance administration and handling. Weapons operations facilities are aging and declining in structural quality. These facilities also do not provide space required for weapons operations.

Region Mission Alignment: 3

The NMC Sigonella Detachment provides ordnance logistics for the installation. This includes loading and unloading of ordnance onto aircraft, organizational-level maintenance, and storing weapons and ordnance for a wide variety of operational missions. Adequate operations facilities for weapons and ordnance operations are required to provide safe and efficient ordnance and weapons handling, storage, and maintenance. Furthermore, one ordnance operations facility which consolidates the majority of operational and administrative functions under one roof improves operational efficiency.

Lead Proponent Mission Alignment:

Region Readiness Support: 3

NAS Sigonella serves as a key ordnance storage location in the Mediterranean and designated as a secondary ordnance load out site and for pre-positioned war reserve ordnance storage.

lead Proponent Readiness Support:

Region Operational Cost: 0

Detailed cost analysis indicating operational cost savings has not been documented.

Lead Proponent Operational Cost:

Region Severity Statement: 2

Project addresses immediate gaps in ordnance operations and infrastructure that is necessary to meet NAVEUR ordnance operations requirements to effectively respond to and sustain rearm/resupply for OPLANs.

Lead Proponent Severity Statement:

Region Urgency Statement: 3

Failure to execute capital investment within the Budget Year will result in critical warfighter capability gap/mission degradation.

Lead Proponent Urgency Statement:
